The speaker of the national house of representatives is a big man, but he isn't deuce high compared to the Speaker of the Red Sox.

Bob McNamee and Charlie Jones have decreased the size of Dixie. But it is all there, what there is of it, and as live as they make them.

The Tampa Tribune wants membership in press associations confined strictly to newspaper workers. The Star begs to indorse the Tribune's proposition.

Mr. L. S. Light of Reddick was in town Monday. He says his precinct always goes overwhelmingly dry, all the whites and half the negroes voting that way. Reddick had a salon for two years a quarter of a century ago, and has been a dry precinct ever since.

The Germans say their advance into Russia will differ from the advance of Napoleon. It will, indeed. It won't go so far, for one thing. Also, the Russia of 1915 differs from the Russia of 1812.

The Tarpon Springs Leader makes a redhot defense of the act of painting out Mendenhall's name on benches used as public seats in its town. The "kid" editor speaks with much conviction and some reason.

Says the Tarpon Springs Leader: "Witness the preparations of the railroad companies, especially the Atlantic Coast Line management, for the coming winter season—and then get optimistic over the outlook."

By special request of Mrs. Edward F. Sherman, widow of the victim of the negro murderer, Tobin, and herself victim of his vicious lusts, a St. Petersburg woman, friend of Mrs. Sherman, will witness the execution of the brute Oct. 22.—Tarpon Springs Leader.

Hope she will enjoy herself.

Secretary Rooney went to Jacksonville on the early train this morning, to consult with the managers of the Seaboard and Coast Line, with a view to obtaining lower rates and special trains to the Marion County Fair.

Senator S. H. Blitch of Montbrook, was among the prominent visitors to Gainesville Saturday. He is state senator from Levy county and a candidate for commissioner of agriculture.—Gainesville Sun.

In which case he will have against him the vote of his home county and its neighbor of Marion.

The Florida Farmer and Home-seeker for October carries on its cover page a convincing argument of the versatile fertility of Florida soil. It is the picture of one field on the farm of G. J. Beville, near Webster, in Sumter county. On that one field corn, cane, tomatoes and cucumbers were plentifully growing at the same time.

This paper has had considerable to say about the Davis bill in days gone by. It was before we were completely informed as to its operations. We wish to remark that the Davis bill is a good one.—Clearwater Sun.

Give your reasons, Powell. We know they will be interesting.

If there is one thing more than another calculated to make a man of high standing in the mechanical world shy of coming to Florida, it is the treatment by the board of bond trustees of Jacksonville of W. E. Bleo, an electrical engineer in the employ of that city. To an outsider, it looks like this gentleman came very near having a frame-up worked off on him by the board.

Hugh C. Sparkman has retired from the Journal Printing Co. of Daytona, R. H. Glenn purchasing his interest. Mr. Sparkman makes a lengthy statement in the last issue of the Journal, in which he says that in view of his recent domestic troubles, and the notoriety attendant thereupon, he deems it for the best interests of all concerned that he sever his connection with the paper. His future plans are not announced.—St. Augustine Record.

The Star's best wishes go with Mr. Sparkman. He is a good newspaper man and works for what he believes to be right.

A dispatch from Washington says: "The Florida railroad commission this morning filed a complaint before the Interstate Commerce Commission against the Louisville & Nashville and other railroads, alleging discrimination in the banana rate in favor of Georgia points." When we consider what an immense amount of bananas

are raised in Florida, and how very important the trade is to all our people, we will at once realize the great importance of the railroad commission to the state.

OUR STATE IS AN ORPHAN SAYS THE MIAMI METROPOLIS

Over seventy million dollars has been expended by the United States government in putting water onto less than three-quarters million acres of semi-arid lands of the west, where the productivity of the soil is questionable.

Less than fifty million dollars would take the water off over four million acres of Everglade lands in Florida, where the productivity of the soil has been proven to be superior to that of the river Nile.

The United States government plans to expend over one hundred and sixty-four million dollars in irrigating three million acres of semi-arid lands in the west; it does not propose to spend less than one-third that amount in draining four million acres of swamp lands in the south.

These are the reasons why those interested in the reclamation of the great Florida prairie insist that the government can as rightfully take water off land as to put it on, and why it is claimed by them that the federal government should assist in the drainage of the Everglades.

The Star erred yesterday in saying that the handsome pictures of Generals Lee and Jackson, which are being placed in prominent places around town, were contributed by General Rosborough. They are another of Rooney's good ideas. The secretary has patriotically ordered a number of these fine pictures, and will put them in all places where they will be likely to meet and gladden the eyes of the veterans who will be here next week.

Messrs. A. C. Hamrick and E. J. Crook returned yesterday from a ten days trip of a thousand miles on the East Coast. They went down in Mr. Hamrick's Maxwell roadster, making many stops along the way, spent a few days in Miami and returned home by a different route.

GRAND GOLD CONTEST

There was a grand gold contest held at Blitchton Sunday night with five contestants, viz: Ellis Simmonds, Lester Wilson, Misses Ruby Lennon, Mary Ella Bray and Lottie Curry. The medal was won by Miss Ruby Lennon of Morriston. The speakers all did exceptionally well and some difficulty was experienced in deciding the winner. The judges were Mrs. B. R. Blitch and Messrs. Harris and Bolander.

Mr. C. A. Tremere of Bellevue, accompanied by his brother, Mr. John E. Tremere, of the U. S. Navy, retired, were in town today, and paid the Star an appreciated call. Altho retired from the navy, Mr. Tremere could and would go back if his country needed him. He is a forceful-looking American, and it is to be hoped there are several millions like him.

Our prescriptions are all compounded by Mr. H. P. Bitting. Tell your physician to leave them with us or phone 14 and we will send for them. Bitting & Co., 410 N. Magnolia street. 19-1t

BILIOUSNESS & CONSTIPATION

It is certainly surprising that any woman will endure the miserable feelings caused by biliousness and constipation, when relief is so easily had and at so little expense. Mrs. Chas. Beck, Gates, N. A PROMINENT ORLANDO

MAN'S ADVICE

For Severe Cold with Cough.

Orlando, Fla.—"Dr. Pierce's Golden Medical Discovery has certainly proved to be the best of service to me in the case of a severe cold, with cough and tightness of the chest. Any one so afflicted knows the many unpleasant features connected with it. I had exposed myself to very inclement weather while doing my farm work. I was not a strong man, and was in a run-down condition. Had tired, worn-out feelings all the time, and my debility was so as to make my daily duties very laborious. The only relief I got was from Dr. Pierce's Golden Medical Discovery, and I am pleased to recommend it to others."—Mr. JOHN NICHOLS, 404 Long St., Orlando, Fla.

The best time to cure a cough is when it starts. Ordinarily, a few doses of Dr. Pierce's Golden Medical Discovery will cure a cough at the beginning. But even when the cough is deep-seated and the body is wasted by emaciation, Dr. Pierce's Golden Medical Discovery will in most cases effect a permanent cure.

Get Dr. Pierce's Golden Medical Discovery—day from any medicine dealer; it is a powerful blood purifier, so penetrating that it even gets at the impure deposits in the joints and carries them out of the system. Depend upon this grand remedy to give you the kind of blood that makes the skin clear, the mind alert, the vision keener, and puts ambition and energy into the entire body. You will not be disappointed. For free advice or free booklet on blood, write Dr. V. M. Pierce, Buffalo, N. Y.

In sickness and health—send for the People's Common Sense Medical Adviser. A book of 1008 pages. Send 3 dimes to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.
